## Career Objective

Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learnings.

## Projects:

### Portfolio

In this project I designed a portfolio website to showcase my skills and projects. I utilized HTML, CSS, and JavaScript to create a responsive website.

### Bank Application

This Bank Application System lets users create a new account, make cash deposits and withdrawals, access account information and delete account all through software without the need of going personally to a bank.

### E-Commerce Application

This project is an E-Commerce Web Application. It has React components like Header, Footer Carousels etc. This application has featured with Sign-in and Sign Up and JWT token. We provide custom and ready to go solution for our online e-commerce platform to sales and attract customers with our E-Commerce Application.

## Professional Skills
